Fun in the Sun!

Summer's a great
time to help your
child develop important abilities like hand-eye
coordination and fine motor skills:

- Walk backward with arm crossed behind your back.
- Toss bean bags through hula hoops!
- Hop scissors-step fashion forward.
- Blow bubbles and try to catch them!
- Slide forward (right foot, then left foot) with hands clasped behind you, like you are ice-skating!

If you ordered the
Graduation DVDs, which
include the pictures taken
throughout the year in the
MWF classes, you will be
called to pick them up when
they are available. Hopefully
they will be ready by the third
week in June.

2019-2020 YEAR WE NEED MORE CHILDREN TO REGISTER FOR THE FALL!
